Our Programs

About Us

Since 1964, North Jersey Friendship House (NJFH) has been one of the premier vocational rehabilitation programs in northern NJ. Over the years we have diversified our programs and currently have programs throughout Bergen, Hudson, and Passaic Counties. Our services include comprehensive behavioral health, day habilitation, pre-vocational training, job training, and employment services for adults with varying abilities. These programs include:

Day Habilitation

Our day habilitation program provides a continuum of care appropriate to various skills and placement is based upon individual interests and abilities at our various locations in Bergen and Passaic Counties. Each program includes skills and needs assessment, skill development, functional academics, job sampling and internships, and family involvement and consultations.

Clinical Services - Partial Care

In our behavioral health services, each member is assigned to a counselor and together they develop individualized treatment plan goals. Services include individual counseling and a variety of rehabilitative group sessions, as well as the opportunity for pre-vocational skills development.

Extended Employment

Extended Employment members are provided a variety of services including ongoing evaluation, counseling, work adjustment, and job placement which are provided at a lower level of intensity and without the time constraints of other programs.

Building Skills

Pre-Vocational and Job Training

Members learn job readiness skills and good work habits in our supportive and structured pre-vocational training programs in food services, maintenance, packaging and assembly and/or graphics. These services are part of our Partial Care and/or Extended Employment programs.

CHOP - Culinary & Hospitality Opportunities Program

CHOP provides adults with training for employment in the hospitality and culinary industries. The training is an interactive, small group, hands-on approach.

The program focuses on food service skills and the skills needed to provide excellent guest experiences. The goal of this program is to obtain competitive, integrated employment after graduation.

Supported Employment

Our dedicated Job Coaching staff work with adults with varying abilities to obtain employment including job searching, completing applications and preparing for interviews, as well as helping them maintain employment for as long as the need exists.

Project SEARCH

Project SEARCH is a unique, ten-month, employment preparation program that takes place entirely at the workplace and offers a seamless combination of classroom instruction, career exploration, and hands-on training through internships. The goal is competitive employment upon completion.

Community Inclusion

The Community Inclusion Program allows our members to embrace their socialization and life skills while exploring different aspects of the community.

“ My favorite part of Friendship House is spending time with all of my friends and going to the outings. ”

Family Feelings

“

Friendship House has been a true blessing to both my brother, Ed and I. It is a caring and compassionate environment where Ed is free to be himself and feels accepted, valued, and understood. The staff and clients have become an extension of our family and have encouraged Ed to grow in so many wonderful ways! I am so grateful for this organization.

”

“

Our son's enthusiasm for the Friendship House is a daily reminder of the program's incredible impact. He never wants to miss a day! He is thriving and learning so much from the program's mix of life skills lessons, like cooking and healthy living, and the enriching experiences of visiting the library and bookstore. The fun outings to places in the community like the mall and Dave & Buster's, all while surrounded by supportive peers, has transformed his world—and ours. He comes home all excited to tell us all about his day. Thank you, Friendship House, for building a place where he is happy and truly belongs. Friendship House has not only enriched his life but also given our family invaluable peace of mind.”

”

“

We are forever grateful for the empowering spirit of Friendship House. They encourage their members to live in the present and hope for the future. Friendship House honors the dignity of the individual and helps them flourish in the community at large.
